COMMUNITY MEASURE: Decision 1999/409/CE, CECA, Euratom. CONTENT: This Decision 2/1999 of the Association Council between the European Communities and the Republic of Lithuania lays down the terms and conditions for Lithuania's participation in SAVE II. SAVE II, multiannual Community programme for energy efficiency: participation of Lithuania

1998/0122(CNS) - 18/03/1998 - Legislative proposal

OBJECTIVE: in the context of the pre-accession strategy, opening up the Community programme for energy efficiency (SAVE II) to Lithuania for the years 1998 to 2000. SUBSTANCE: This proposal for a decision by the EC-Lithuania Association Council establishes the terms and conditions for that country's participation in the SAVE II Community programme. In particular, Lithuania: - will participate in all the programme's activities on the same terms as the Member States and in conformity with the objectives, criteria and procedures of the programme; - will apply the same terms and conditions for the submission, assessment and selection of applications as those applying to the Member States; - will provide for a minimum number of partners from the Member States to be included in all proposed transnational actions and projects; - will pay a financial contribution to the Community budget to cover its participation in the programme. This contribution will cover financial assistance granted to Lithuanian participants in the programme and the supplementary administrative costs related to the Commission's management of the programme. This contribution will be ECU 96 570 per year in 1998, 1999 and 2000. The Community will partly cover the cost of these contributions by taking the appropriate sums from the annual PHARE allocation to Lithuania (PHARE is to contribute 90% of the cost in 1998, 70% in 1991 and 50% in 2000, the rest, including the administrative costs relating to the management of the programme, to be covered by Lithuania's national budget). Lithuania will be involved in monitoring its participation in the programme in preparation for its participation in the Community decision-making process when it becomes a member (in particular, by taking part in coordination meetings prior to the meetings of the SAVE committee and being informed of that committee's results). Lithuania will participate for the duration of the programme (until 31 December 2000).
