Summary

Conservation of fishery resources: protection of juveniles of marine organisms

1998/0291(CNS) - 14/10/1998 - Legislative proposal

OBJECTIVE: to amend Regulation (EC) No 850/98 on the protection of juveniles of marine organisms, so as to correct various editorial inadequacies in the Regulation. **SUBSTANCE:** On 30 March 1998, the Council adopted Regulation (EC) No 850/98 for the conservation of fishery resources through technical measures for the protection of juveniles of marine organisms. After the Regulation was adopted and published, it soon became apparent that this lengthy and technically complicated piece of legislation exhibited a number of omissions, textual errors and editorial inadequacies. The proposal

seeks to remedy these imperfections (in particular, it redefines the fishing limits of certain Member States and revises the method laid down for determining the size of a spinous spider crab).

Conservation of fishery resources: protection of juveniles of marine organisms

1998/0291(CNS) - 08/02/1999 - Final act

OBJECTIVE: to amend Regulation (EC) No 850/98 on the protection of juveniles of marine organisms, so as to correct various editorial inadequacies in the Regulation. COMMUNITY MEASURE: Council Regulation (EC) No 308/99 amending Regulation (EC) No 850/98 for the conservation of fishery resources through technical measures for the protection of juveniles of marine organisms. CONTENT: this Regulation seeks to make editorial changes to various parts of Regulation (EC) No 850/98. In particular, it redefines the fishing limits of certain Member States and revises the method laid down for determining the size of a spinous spider crab. ENTRY INTO FORCE: 19 February 1999. The regulation will be applicable from 1 January 2000.

Conservation of fishery resources: protection of juveniles of marine organisms

1998/0291(CNS) - 13/01/1999 - Text adopted by Parliament, 1st reading/single reading

This procedure without report concerning the proposal for a Council Regulation amending Regulation 850/98/EC for the conservation of fishery resources through technical measures for the protection of juveniles of marine organisms was approved by the European Parliament.
