Final act

## **Leaf tobacco: premiums and guarantee thresholds for 1999, 2000 and 2001 harvests (amend. regul. 2075/92/EEC)**

1998/0306(CNS) - 11/03/1999 - Text adopted by Parliament, 1st reading/single reading

The Parliament approved the text of the Commission's proposal subject to several amendments. The rapporteur was Mr. Antonios TRAKATELLIS (EPP, Greece). The Parliament amended the harvests covered by the proposal to cover the harvest of 2002. Most of the amendments relate to the quotas for individual categories of tobacco.

## **Leaf tobacco: premiums and guarantee thresholds for 1999, 2000 and 2001 harvests (amend. regul. 2075/92/EEC)**

1998/0306(CNS) - 06/11/1998 - Legislative proposal

PURPOSE : the adoption of a Council Regulation to reform the common market organisation for tobacco, by seeking to better align supply with demand. CONTENT : As a follow-on from the 22 June 1998 Farm Council, this proposal seeks to amend Regulation 2075/92/EEC fixing the premiums and guarantee thresholds for leaf tobacco by variety group for the 1999, 2000, and 2001 harvests. The following are the main points of the proposal : - the amount of the premium is to be increased by 10% compared with 1998; - the supplementary amounts for the northern countries are increased to 65% of the difference between the premium granted in 1998 and the premium applicable to the 1992 harvest; - the guarantee thresholds are reduced for group II (light air-cured) by 375 tonnes for Germany, 9 tonnes for Belgium, 24 tonnes for Austria and for group III (dark air-cured) by 842 tonnes for France and 38 tonnes for Belgium; - in the case of Italy, a transfer of 3,400 tonnes from group V (sun-cured) is to be carried out over two years to group I (flue-cured) - 500 tonnes, group II (light air-cured) - 500 tonnes, group IV (fire-cured) - 65 tonnes and to group VII (Katerini) which has just been introduced into that country; - in the case of Greece, a transfer of 14,800 tonnes from group V (sun-cured) is to be carried out over three years to group I (flue-cured) - 3,300 tonnes, group VI (Basmás) - 600 tonnes, group VII (Katerini) - 6,150 tonnes and to group VIII (Kaba Koulak classic) - 570 tonnes.

## **Leaf tobacco: premiums and guarantee thresholds for 1999, 2000 and 2001 harvests (amend. regul. 2075/92/EEC)**

1998/0306(CNS) - 22/03/1999 - Final act

PURPOSE: to reform the COM in raw tobacco in order to better adapt supply to demand. COMMUNITY MEASURE: Council regulation 660/1999/EC amending regulation 2075/92/EEC and fixing the premiums and guarantee thresholds for leaf tobacco by variety group and Member State for the 1999, 2000 and 2001 harvests. CONTENT: the amendment of regulation 2075/92/EEC fixes the premiums and guarantee thresholds for leaf tobacco by variety group and Member State for the 1999, 2000 and 2001 harvests. As a result of the increase in supplementary amounts for flue-cured; light air-cured and dark air-cured tobaccos grown in Austria, Belgium, France and Germany, it is necessary to reduce the guarantee thresholds of these Member States in order to ensure the maintenance of budget neutrality. While maintaining production potential and the allocation of quotas by Member States, it is proposed that quotas for varieties which have assured outlets and attract high market prices should be increased progressively to the detriment of quotas for varieties which are difficult to sell and attract low market prices. ENTRY INTO FORCE: 22/03/1999.
