2000/0042(CNS) - 04/05/2000 - Text adopted by Parliament, 1st reading/single reading

The European Parliament adopted its resolution drafted by Armin LASCHET (EPP/ED, Germany) amending the Commission's proposal on financial support for interim civilian administration of certain regions and for the implementation of peace agreements. The amendments include: - a stipulation that a specific legal basis should be proposed to cover such financing; - susbstitution of the formula of an open-ended annex with a legislative text which specifically mentions the UN interim administration in Kosovo and the Office of the High Representative in Bosnia-Herzegovina; - the new text also stipulates that financing should be in the form of a specific grant; - financing decisions must be adopted within the limits of the funding available under heading 4 of the Financial Perspective pursuant to the 1999 Interinstitutional Agreement; - The Parliament and the Council are to be informed each year about the financing agreements; - The management committee must be composed of one representative only per Member State.

2000/0042(CNS) - 21/02/2000 - Legislative proposal

PURPOSE : to enable the Community to contribute financially to the establishment and operation of support bodies set up by the international community following conflicts either to take charge of the interim civilian administration of certain regions or to implement peace agreements. CONTENT : this proposal for a Council Regulation establishes the legal framework for the Community's financial contribution to the operation of these such supporting bodies and any set up by the international community in future which the Community might support. It shall also ensure transparency in the financing. The financing will be in form of a grant. The Commission will adopt financing decisions on the basis of this Regulation in accordance with the management procedure laid down in Article 4 of Council Decision 1999/468/EC of 29 June 1999. The Commission will conclude financing agreements with these bodies on behalf of the Community. The financing agreements will relate to the amount of the grant, the eligible expenditure, the period covered, the implementing procedures for verifying the management and ultimate destination of the Community grant. Furthermore, the main objective of the Community's financial contribution will be to enable the bodies referred to in this Regulation to fulfil their mandate. That mandate consists of carrying out interim tasks relating to the establishment, strengthening and operation of administrative structures in the regions concerned. The activities of these bodies are of vital importance for the stability of the regions concerned.
