Car industry: approval of vehicles intended for the carriage of dangerous goods, UN/ECE Regulation 105

2000/0075(AVC) - 15/05/2001 - Text adopted by Parliament, 1st reading/single reading

By adopting the report, without debate, by Mr Malcolm HARBOUR (EPP/ED, UK) the European Parliament gave its assent to the accession of the European Community to this Regulation. (Please refer to the previous texts).

Car industry: approval of vehicles intended for the carriage of dangerous goods, UN/ECE Regulation 105

2000/0075(AVC) - 26/06/2001 - Final act

PURPOSE: to permit the accession of the Community to Regulation 105 of the EEC/UN concerning the approval of vehicles intended for the carriage of dangerous goods with regard to their specific constructional features. COMMUNITY MEASURE: Council Decision 2001/505/EC on the accession of the EU to Regulation 105 of the UN concerning the approval of vehicles intended for the carriage of dangerous goods with regard to their specific constructional features. CONTENT: This Council Decision refers to the accession of the Community to Regulation 105 of the EEC/UN concerning the approval of vehicles intended for the carriage of dangerous goods with regard to their specific constructional features. In particular, this decision seeks to abolish the technical barriers to trade in motor tyres with regard to their specific constructional features. Regulation 105 should be incorporated into the Community approval system for motor vehicles and thus be added to legislation in force within the Community. ENTRY INTO FORCE: 26.06.2001.

Car industry: approval of vehicles intended for the carriage of dangerous goods, UN/ECE Regulation 105

2000/0075(AVC) - 03/04/2000 - Initial legislative proposal

PURPOSE: to present a proposal for a Council decision on the accession of the European Community to United Nations Economic Commission for Europe Regulation No 105 on the approval of vehicles intended for the carriage of dangerous goods with regard to their specific constructional features. CONTENT: Following Council Decision 97/836/EC of 27 November 1997, the EC became a contracing party to the United Nations Economic Commission for Europe's (UN/ECE's) Revised 1958 Agreement on 24 March 1998 and acceded to 78 regulations annexed to that Agreement. Article 3 (3) of that Decision states, in particular, that the Community may decide to apply a Regulation to which it did not accede at the time of its accession to the Revised Agreement if the Council approves that Regulation by a qualified majority after receiving the assent of the European Parliament. Regulation No 105 on the approval of vehicles intended for the carriage of dangerous goods with regard to their specific constructional features is aimed, in particular, at removing technical barriers to trade in motor vehicles between the contracting parties while ensuring a high level of safety and environmental protection. Although the Regulation is not included in the list of regulations recognised by the EC that is contained in Annex II to Decision 97/836/EC, the representatives of the Member States have stated that it would now be useful if the EC were to examine the possibility of acceding thereto. It is also provided that the Regulation concerned will be incorporated into the approval system for motor vehicles and thus supplement the laws in force within the Community. Against this background, the proposal for a Council decision is intended to enable the Community to accede to UN/ECE Regulation No 105 on the approval of vehicles intended for the carriage of dangerous goods with regard to their specific constructional features.

Car industry: approval of vehicles intended for the carriage of dangerous goods, UN/ECE Regulation 105

2000/0075(AVC) - 31/08/2000 - Legislative proposal

The Council adopted a common position on the accession of the European Community to United Nations Economic Commission for Europe Regulation No 105 on the approval of vehicles intended for the carriage of dangerous goods with regard to their specific constructional features. On this occasion, the Council requests the assent of the European Parliament.
