Final act
Regulation 2001/2292 OJ L 308 27.11.2001, p. 0001 Summary

Olive oil: aid scheme in force up and including the 2004/2005 marketing year (amend. Regulation (EEC) No 2262/84)

2001/0181(CNS) - 20/11/2001 - Final act

PURPOSE : to lay down specific measures in respect of olive oil. COMMUNITY MEASURE : Council Regulation 2292/2001/EC amending Regulation 2262/84/EC laying down special measures in respect of olive oil. CONTENT : the Council has decided to introduce a new aid scheme from 1 November 2001 and bearing in mind that the current aid scheme remains in force up to and including the 2003/04 marketing year, provision should be made to continue the Community contribution to the expenditure incurred by the agencies carrying out certain checks in connection with the olive oil production aid scheme up to and including the 2003/04 year. Provision should also be made to continue the contribution to the expenditure incurred by the agencies during the 2004/05 marketing year in order to allow them to carry out the necessary complementary verifications of the systems of controls provided under Article 1(2) of Regulation 2262/84/EEC. In 2003, the Commission will consider the need to continue the Community contribution to the expenditure of the agencies during 2004/05 marketing year in the context of the proceedings planned for the reform of the common market organisation in the sector in question and shall present a proposal to the Council on the financing of this expenditure. ENTRY INTO FORCE : 27 /11/2001.

Olive oil: aid scheme in force up and including the 2004/2005 marketing year (amend. Regulation (EEC) No 2262/84)

2001/0181(CNS) - 02/08/2001 - Legislative proposal

PURPOSE: To extend the length of financing for inspection agencies responsible for overseeing compliance of olive oil Regulations. CONTENT: Agencies responsible for supervising the application of the Community's Olive Oil Regulations were established in 1984 and later reconfirmed in 1999 with Regulation 150/1999/EC. 50% of their financing comes from general budget of the Communities. Under the previous Regulation Community financing has been guaranteed up to and including the 2001/02 marketing year. The Council has decided that a new aid scheme will be introduced from 1 November 2004. The current aid scheme therefore has been extended up to and including the 2003/04 marketing year. Under these circumstances, provision should be made to continue the Community contribution to the expenditure incurred by the agencies carrying out certain checks up to and including the marketing year 2003/04. The scheme is expected to cost the Community budget an estimated EUR 43.5 million in total. It should be noted that before 1 October 2004, the Commission will consider the need to continue the Community contribution to the expenditure of the agencies after the 2004/05 marketing year.
