Final act	
Directive 2006/0095 OJ L 374 27.12.2006, p. 0010	Summary

Electrical industry: Community law on equipment subject to voltage limits (repeal. Directive 73/23/EEC). Codification

2003/0094(COD) - 12/12/2006 - Final act

PURPOSE: codification of legislation.

LEGISLATIVE ACT: Directive 2006/95/EC of the European Parliament and of the Council on the harmonisation of the laws of Member States relating to electrical equipment designed for use within certain voltage limits (codified version).

CONTENT: the purpose of this Directive is to undertake a codification of Directive 73/23/EEC on the harmonisation of the laws of Member States relating to electrical equipment designed for use within certain voltage limits. The new Directive will supersede the various acts incorporated in it. Their content is fully preserved and they are brought together with only such formal amendments as are required by the codification exercise itself.

ENTRY INTO FORCE : 16/01/2007.

Electrical industry: Community law on equipment subject to voltage limits (repeal. Directive 73/23/EEC). Codification

2003/0094(COD) - 21/10/2003 - Text adopted by Parliament, 1st reading/single reading

The European Parliament adopted a resolution drafted by Giuseppe GARGANI (EPP-ED, Italy) and approved the Commission's proposal.

Electrical industry: Community law on equipment subject to voltage limits (repeal. Directive 73/23/EEC). Codification

2003/0094(COD) - 12/05/2003 - Legislative proposal

PURPOSE : to codify the EU Directive on the harmonisation of the laws of Member States relating to electrical equipment designed for use within certain voltage limits. CONTENT : the basis for this proposal lies in the various measures the EU has adopted to try and codify legislation in the event of ten (or less) amendments being made to initial legislative acts. It recommends the codification of Directive 73/23/EEC on the harmonisation of the laws of Member States relating to electrical equipment designed for use within certain voltage limits. The new Directive will supersede the various Directives incorporated in it. Their content is fully preserved and they are brought together with only such formal amendments as are required by the codification exercise itself. The proposal follows preliminary consultation in all official languages. In so far as the Articles have been given new numbers, the correlation between the old and the new number is shown in a table contained in an Annex to the codified Directive.
