## 2011 discharge: European Training Foundation (ETF)

2012/2192(DEC) - 18/09/2012 - Court of Auditors: opinion, report

PURPOSE: presentation of the EU Court of Auditors' report on the annual accounts of the European Training Foundation (ETF) for the financial year 2011, together with the Foundation's reply.

CONTENT: in accordance with the tasks conferred on the Court of Auditors by the Treaty on the Functioning of the European Union, the Court presents to the European Parliament and to the Council, in the context of the discharge procedure, a Statement of Assurance as to the reliability of the annual accounts of each institution, body or agency of the EU, and the legality and regularity of the transactions underlying them, on the basis of an independent external audit.

This audit concerned, amongst others, the annual accounts of the European Training Foundation (ETF).

In the Court's opinion, the **Foundation's Annual Accounts fairly present, in all material respects, its financial position as of 31 December 2011** and the results of its operations and its cash flows for the year then ended, in accordance with the provisions of its Financial Regulation.

The Court also considers that the **transactions underlying the annual accounts** of the Foundation for the financial year ended 31 December 2011 are, in all material respects, **legal and regular**.

The report confirms that the Foundation's 2010 budget amounted to EUR 20.3 million, and that the number of staff employed by the Foundation at the end of the year was 125.

#### **Court's observations:**

- treasury: the Foundation has not yet adopted and implemented a treasury policy to minimise and spread financial risk while aiming at adequate returns. The account is kept in a bank which no longer has the minimum rating as indicated by the Commission;
- public procurement: the Court identified 64 contracts with a total value of EUR 2 million which were not countersigned by the Foundation's contractor, creating legal uncertainty;
- recruitment: the Foundation needs to further improve the transparency of its recruitment procedures.

#### **Foundation's replies:**

- it states that it will put in place a treasury policy including the monitoring of bank credit ratings, in view of spreading financial risk and ensuring an adequate return on cash holdings;
- the ETF has brought its practice in this case into line with that of all its other framework contracts, under which all purchase orders are countersigned by the contractor;
- as regards recruitment, the ETF has now adopted a standard threshold of 70 % in all phases of the selection process.

Lastly, the Court of Auditors' report contains a summary of the **Foundation's activities in 2011**. This is focused on the following:

- improving human capital development (HCD) in 30 partner countries;
- organisation of a conference to present the results of the first year of the Torino Process (24 partner countries VET policy assessments);
- organisation of a corporate conference was on the Institutional Arrangements in the implementation of Qualifications Frameworks;
- supporting the EU policies and project cycle of External Relations instruments for the partner countries;
- capacity building of partner countries;
- policy analysis;
- dissemination and networking;
- responses to direct requests from the European Commission on the management of training in the third countries.

## **2011 discharge: European Training Foundation (ETF)**

2012/2192(DEC) - 01/02/2013

Having examined the revenue and expenditure accounts for the financial year 2011 and the balance sheet at 31 December 2011 of the European Training Foundation, as well as the Court of Auditors' report on the annual accounts of the Foundation for the financial year 2011, accompanied by the Foundation's replies to the Court's observations, the Council recommends the European Parliament to give a discharge to the Director of the Foundation in respect of the implementation of the budget for the financial year 2011.

The observations in the Court of Auditors' report in relation to the financial year 2011 call for some comments by the Council, which may be summarised as follows:

- the Council calls on the Foundation to adopt and implement a treasury policy in order to minimise and spread the financial risk;
- it encourages the Foundation to remedy the weaknesses identified by the Court on the **lack of countersignature of some of the Foundation's contracts**;
- it expresses its concern regarding the uncertain situation of the **Foundation's premises** and calls on the Foundation, in collaboration with other stakeholders, to pursue its efforts to solve
- this issue;
- lastly, the Council encourages the Foundation to pursue its efforts to address the shortcomings detected by the Court in its staff recruitment procedures.

## **2011 discharge: European Training Foundation (ETF)**

2012/2192(DEC) - 21/03/2013 - Committee report tabled for plenary, single reading

The Committee on Budgetary Control adopted the report by Gerben-Jan GERBRANDY (ADLE, NL) on discharge to be granted to the Director of the European

Training Foundation (ETF) in respect of the implementation of the Agency's budget for the financial year 2011.

Noting that the Court of Auditors stated that it has obtained reasonable assurances that the annual accounts of the Foundation for the financial year 2011 are reliable and that the underlying transactions are legal and regular, Members approve the closure of ETF's accounts. However, they make a number of recommendations that need to be taken into account when the discharge is granted, in addition to the general recommendations that appear in the [draft resolution on performance, financial management and control of EU agencies](#):

- **Financing, budget and financial management:** the total contribution of the Union to the Foundation's budget for 2011 was EUR 19.85 million, which represents an increase of 2.86%. At the end of 2011, the Foundation recorded a positive budget outturn of EUR 117 686,58.
- **Implementation rate of appropriations and carryovers:** noting that the Foundation achieved a payment execution rate of 99.8% in 2011, Members, on the other hand, deplore the significant amount of carryovers. They note that the rate for the carry forward of operational activities – differentiated appropriations (reste à liquider) is 33%.

Lastly, Members made a series of observations as regards ETF's recruitment policies, premises, control and performances. They welcome the improved cooperation between the Foundation and Cedefop and call for new synergies with other competent agencies in the field of training.

Noting that the Court of Auditors stated that it has obtained reasonable assurances that the annual accounts of the Foundation for the financial year 2011 are reliable and that the underlying transactions are legal and regular, Parliament adopted a resolution containing a number of recommendations that need to be taken into account when the discharge is granted, in addition to the general recommendations that appear in the [draft resolution on performance, financial management and control of EU agencies](#):

- **Financing, budget and financial management:** Parliament recalls that the total contribution of the Union to the Foundation's budget for 2011 was EUR 19.85 million, which represents an increase of 2.86%. At the end of 2011, the Foundation recorded a positive budget outturn of EUR 117 686,58.
- **Implementation rate of appropriations and carryovers:** noting that the Foundation achieved a payment execution rate of 99.8% in 2011, Parliament, on the other hand, deplores the significant amount of carryovers. It notes that the rate for the carry forward of operational activities – differentiated appropriations (reste à liquider) is 33%.
- **Cooperation with Cedefop:** Parliament welcomes the cooperation agreement between the Foundation and Cedefop. It invites the Commission, together with the Foundation, the European Centre for the Development of Vocational Training, European Foundation for the Improvement of Living and Working Conditions and the European Agency for Safety and Health at Work to further explore the synergies that exist between those agencies and to report to the discharge authority on the possible deeper integration of those four agencies.
