[Summary](#)

# Youth Employment Initiative: additional initial prefinancing amount paid to operational programmes

2015/0026(COD) - 04/02/2015 - Legislative proposal

PURPOSE: to increase the initial pre-financing amount paid to operational programmes supported by the Youth Employment Initiative (YEI).

PROPOSED ACT: Regulation of the European Parliament and of the Council.

ROLE OF THE EUROPEAN PARLIAMENT: the European Parliament decides in accordance with the ordinary legislative procedure and on an equal footing with the Council.

BACKGROUND: in light of the persistent high levels of youth unemployment in the Union, a **Youth Employment Initiative** (YEI) was established to provide support to 7 million young Europeans not in employment, education or training in the most affected regions. The YEI is integrated in the programming of the **European Social Fund** (ESF).

To ensure a quick response to fighting youth unemployment, Regulation (EU) No 1303/2013 of the European Parliament and the Council laying down general provisions on the five European Structural and Investment Funds (ESI Funds) and Regulation (EU) No 1304/2013 on the European Social Fund lay down provisions to allow for a quicker mobilisation of the resources allocated to the YEI, including, inter alia, the commitment of all the resources in the first two years of the programming period.

Operations under the YEI therefore have to be implemented, in principle, **by the end of 2018** and not 2023 as it is the case for other operations supported by the European Structural and Investment Funds (ESI Funds), including the European Social Fund.

The budgetary constraints faced by Member states and the **lack of available funding at the initial stage of the programming period have caused significant delays** in the implementation of the YEI.

In its Work Programme for 2015, the Commission committed to take initiatives to promote integration and employability in the labour market, including measures to support Member States in getting young people into work.

Taking into account the **urgent need to address youth unemployment**, the Commission states that it is necessary to increase the level of the initial pre-financing paid to operational programmes supported by the YEI in 2015.

CONTENT: it is proposed to introduce an additional provision in Regulation (EU) No 1304/2013 on the **additional initial pre-financing** for operational programmes supported by the YEI.

In concrete terms, the proposal aims to increase the initial pre-financing amount paid to operational programmes supported by the Youth Employment Initiative (YEI) from 1-1.5% as outlined in Regulation (EU) No 1303/2013 **to a maximum of 30% of the envelope which is allocated to it for 2015**.

To ensure that the additional initial pre-financing amount is used for the immediate implementation of the YEI, the proposal foresees that **this amount is reimbursed to the Commission**, if the Union contribution from the YEI does not amount to an adequate level in interim payment applications submitted to the Commission 12 months after the entry into force of this Regulation.

BUDGETARY IMPLICATION: the proposed modification **does not imply any changes in the Multiannual Financial Framework annual ceilings for commitments and payments** as per Annex I of [Regulation \(EU\) No 1311/2013](#).

The annual breakdown of commitment appropriations for the YEI remains unchanged.

The increased need for payment appropriations for the YEI additional initial pre-financing in 2015 will be fully covered by appropriations of the 2015 budget for the YEI specific allocation. Consequently, the proposed modification should not trigger a potential backlog of 2014-2020 unpaid claims.

## Youth Employment Initiative: additional initial prefinancing amount paid to operational programmes

2015/0026(COD) - 20/05/2015 - Final act

PURPOSE: to increase the initial pre-financing amount paid to operational programmes supported by the Youth Employment Initiative (YEI).

LEGISLATIVE ACT: Regulation (EU) 2015/779 of the European Parliament and of the Council amending Regulation (EU) No 1304/2013, as regards an additional initial prefinancing amount paid to operational programmes supported by the Youth Employment Initiative (YEI).

CONTENT: this Regulation introduced an additional provision in [Regulation \(EU\) No 1304/2013](#) on the **additional initial pre-financing** for operational programmes supported by the YEI.

In light of the persistently high levels of youth unemployment in the Union, the Youth Employment Initiative (YEI) was established to provide support to young persons not in employment, education or training in the most affected regions.

In order to address the budgetary constraints faced by Member States at the initial stage of the programming period and taking into account the urgent need to address youth unemployment and the specific features of the YEI, the Regulation increases the level of the initial prefinancing paid to operational programmes supported by the YEI in 2015 **from 1% to 30%**.

To ensure that the additional initial prefinancing amount is used for the immediate implementation of the YEI, that amount should be reimbursed to the Commission should the Union contribution from the YEI not amount to an adequate level in interim payment applications submitted to the Commission within 12 months after the entry into force of this Regulation.

ENTRY INTO FORCE: 22.5.2015.

## Youth Employment Initiative: additional initial prefinancing amount paid to operational programmes

2015/0026(COD) - 21/04/2015 - Committee report tabled for plenary, 1st reading/single reading

The Committee on Employment and Social Affairs adopted the report by Elisabeth MORIN-CHARTIER (EPP, FR) on the proposal for a regulation of the European Parliament and of the Council amending Regulation (EU) No 1304/2013 of the European Parliament and the Council on the European Social Fund, as regards an increase of the initial pre-financing amount paid to operational programmes supported by the Youth Employment Initiative.

The committee recommended the European Parliament to adopt its position at first reading, **taking over the Commission proposal**.

Given the urgency to deal with youth unemployment, the Commission's proposal seeks to raise the initial pre-financing amount paid to operational programmes supported by the Youth Employment Initiative (YEI) from 1% to 30% of the envelope which is allocated to it for 2015. The YEI is integrated in the programming of the European Social Fund (ESF).

## Youth Employment Initiative: additional initial prefinancing amount paid to operational programmes

2015/0026(COD) - 29/04/2015 - Text adopted by Parliament, 1st reading/single reading

The European Parliament adopted by 632 votes to 30, with 31 abstentions, a legislative resolution on the proposal for a regulation of the European Parliament and of the Council amending Regulation (EU) No 1304/2013 of the European Parliament and the Council on the European Social Fund, as regards an increase of the initial pre-financing amount paid to operational programmes supported by the Youth Employment Initiative.

Parliament adopted its position at first reading following the ordinary legislative procedure taking over the Commission proposal.

To attenuate the budgetary constraints faced by Member states and the lack of available funding at the initial stage of the programming period have caused significant delays in the implementation of the YEI and to take account of the urgency to deal with youth unemployment, the proposed Regulation seeks to raise the initial pre-financing amount paid to operational programmes supported by the Youth Employment Initiative (YEI) from 1% to 30% of the envelope which is allocated to it for 2015.

In light of the persistent high levels of youth unemployment in the Union, a Youth Employment Initiative (YEI) was established to provide support to young Europeans not in employment, education or training in the most affected regions. The YEI is integrated in the programming of the European Social Fund (ESF).
