2015 discharge: European Union Agency for Network and Information Security (ENISA)

2016/2176(DEC) - 13/09/2016 - Court of Auditors: opinion, report

PURPOSE: presentation of the EU Court of Auditors' report on the annual accounts of the European Network and Information Security Agency (ENISA) for the year 2015, together with the Agency's reply.

CONTENT: in accordance with the tasks conferred on the Court of Auditors by the Treaty on the Functioning of the European Union, the Court presents to the European Parliament and to the Council, in the context of the discharge procedure, a Statement of Assurance as to the reliability of the annual accounts of each institution, body or agency of the EU, and the legality and regularity of the transactions underlying them, on the basis of an independent external audit.

This audit concerned, amongst others, the annual accounts of the European Network and Information Security Agency (ENISA). In brief, the Agency's main task is to enhance the Union's capability to prevent and respond to network and information security problems by building on national and Union efforts.

Statement of assurance: pursuant to the provisions of Article 287 of the Treaty on the Functioning of the European Union (TFEU), the Court has audited:

- the annual accounts of the Agency, which comprise the financial statements and the reports on the implementation of the budget for the financial year ended 31 December 2015, and
- the legality and regularity of the transactions underlying those accounts.

Opinion on the reliability of the accounts: in the Court's opinion, the Agency's annual accounts present fairly, in all material respects, its financial position as at 31 December 2015 and the results of its operations and its cash flows for the year then ended, in accordance with the provisions of its Financial Regulation and the accounting rules adopted by the Commission's accounting officer.

Opinion on the legality and regularity of the transactions underlying the accounts: in the Court's opinion, the transactions underlying the annual accounts for the year ended 31 December 2015 are legal and regular in all material respects.

The report also makes a series of observations on the budgetary and financial management of the Agency, accompanied by the latter's response. The main observations may be summarised as follows:

The Court's observations:

- **budgetary management:** the Court noted that carry-overs of committed appropriations are high for administrative expenditure) at EUR 150 000. These carry-overs relate to investments in IT infrastructure that was ordered as planned near the end of the year.
- **staff relocation:** the Court noted that in 2016, the Agency plans to relocate some administrative staff from Heraklion to Athens while its basic Regulation provides that staff primarily engaged in the administration of the Agency should be based in Heraklion.

The Agency's replies:

- **budgetary management:** the Agency stated that the decrease of the rate of appropriations carried over to the next year from 15 % in 2014 to 7 % in 2015, due to continuous performance improvement of ENISA in this area. The carry-over is justified and related to the building project for the removal of the landlord data centre of Athens office that was only finalised in December 2015. Moreover, the procurement of 26 laptops, which reached the end of their warranty period, was finalised in December 2015, following a negotiated procurement procedure;
- **staff relocation:** ENISA stated that according to recital 7 of the preamble of ENISA Regulation, 'staff primarily engaged in the administration of the Agency [...] should be based in Heraklion'. However the text in the preamble is not considered to be a restrictive factor.

Lastly, the Court of Auditors' report contains a summary of the **Agency's key figures in 2015**:

- **Budget:** EUR 10 million.
- **Staff:** 69 including officials, temporary and contract staff and seconded national experts.

2015 discharge: European Union Agency for Network and Information Security (ENISA)

2016/2176(DEC) - 29/03/2017 - Committee report tabled for plenary, single reading

The Committee on Budgetary Control adopted the report by Inés AYALA SENDER (S&D, ES) on discharge in respect of the implementation of the budget of the European Union Agency for Network and Information Security (ENISA) for the financial year 2015.

The committee called on the European Parliament to grant the Executive Director of the Agency discharge in respect of the implementation of the agency's budget for the financial year 2015.

Noting that the Court of Auditors stated that it had obtained reasonable assurance that the annual accounts of the Agency for the financial year 2015 were reliable and that the underlying transactions were legal and regular, Members called on Parliament to approve the closure of the Agency's accounts. They made, however, a number of recommendations that needed to be taken into account when the discharge is granted, in addition to the general recommendations that appear in the [draft resolution on performance, financial management and control of EU agencies](#):

- **Agency's financial statements:** Members noted the final budget of the European Union Agency for Network and Information Security for the financial year 2015 was EUR 10 064 274, representing an increase of 3.37 % compared to 2014.
- **Budget and financial management:** Members noted that budget monitoring efforts during the financial year 2015 resulted in an exceptional budget implementation rate of 100 % and that the payment appropriations execution rate was 92.89 %, representing an increase of 7.28 % compared to 2014.

Members also made a series of observations regarding commitments and carry-overs, procurement and recruitment procedures, the prevention and management of conflicts of interests and internal audits and controls.

They acknowledged the fact that the Agency has continued to emphasise the advantages of relocating the Agency to the single office in Athens. They noted that the estimated cost regarding the relocation of the remaining 14 members of staff in Heraklion as well as of all the furniture is approximately EUR 360 000. They encouraged the Greek authorities, the Commission and the Agency to **find a solution for the issue of the Agency's two locations** as soon as possible in order to ensure a much more efficient use of Union funds.

2015 discharge: European Union Agency for Network and Information Security (ENISA)

2016/2176(DEC) - 07/02/2017 - Supplementary non-legislative basic document

Having examined the revenue and expenditure accounts for the financial year 2015 and the balance sheet as at 31 December 2015 of the European Union Agency for Network and Information Security (ENISA), as well as the Court of Auditors' report on the annual accounts of the Agency for the financial year 2015, accompanied by the Agency's replies to the Court's observations, the Council recommended the European Parliament to give a discharge to the Executive Director of the Agency in respect of the implementation of the budget for the financial year 2015.

The Council welcomed the Court's opinion that, in all material respects, the Agency's annual accounts present fairly its financial position as at 31 December 2015 and the results of its operations and its cash flows for the year then ended, in accordance with the provisions of the Agency's Financial Regulation, and that the underlying transactions for 2015 are legal and regular in all material respects.

Nevertheless, it made one observation as follows:

- **financial programming:** the Council noted that a high level of commitment appropriations was carried over to 2016. It encouraged the Agency to continue improving its financial programming and monitoring of the budget implementation, in order to reduce the level of commitments carried over to the following financial year to the minimum strictly necessary.

2016/2176(DEC) - 27/04/2017 - Final act

PURPOSE: to grant discharge to the European Union Agency for Network and Information Security (ENISA) for the financial year 2015.

NON- LEGISLATIVE ACT: Decision (EU) 2017/1690 of the European Parliament on discharge in respect of the implementation of the budget of the European Union Agency for Network and Information Security for the financial year 2015.

CONTENT: with the present decision, the European Parliament grants discharge to the Executive Director of the European Union Agency for Network and Information Security for the implementation of its budget for the financial year 2015.

This decision is in line with the European Parliament's resolution adopted on 27 April 2017 and comprises a series of observations that form an integral part of the discharge decision (please refer to the summary of the opinion of 27 April 2017).

Amongst Parliament's main observations in the resolution accompanying the discharge decision, it took note of the Agency's intention to adopt internal rules on whistleblowing during the first quarter of 2017.

It noted, however, with concern that the Agency has not provided for any specific initiative to improve transparency in its contacts with lobbyists and stakeholders.

As regards the relocation, Parliament noted that the estimated cost regarding the relocation of the remaining 14 members of staff in Heraklion as well as of all the furniture is approximately EUR 360 000. The Greek authorities, the Commission and the Agency are urged to find a solution for the issue of the Agency's two locations as soon as possible in order to ensure a much more efficient use of Union funds.

2015 discharge: European Union Agency for Network and Information Security (ENISA)

2016/2176(DEC) - 11/07/2016 - Non-legislative basic document

PURPOSE: presentation by the Commission of the consolidated annual accounts of the European Union for the financial year 2015, as part of the 2015 discharge procedure.

Analysis of the accounts of the **European Union Agency for Network and Information Security (ENISA)**.

CONTENT: the organisational governance of the EU consists of institutions, agencies and other EU bodies whose expenditure is included in the general budget of the Union.

The EU's operational expenditure of these institutions takes different forms, depending on how the money is paid out and managed.

From 2014 onwards, the Commission classifies its expenditure as follows:

- **Direct management:** the budget is implemented directly by the Commission services.
- **Indirect management:** the Commission confers tasks of implementation of the budget to bodies of EU law or national law, **such as the EU agencies**.
- **Shared management:** under this method of budget implementation tasks are delegated to Member States. About 80 % of the expenditure falls under this management mode covering such areas as agricultural spending and structural actions.

This Commission document concerns the EU's consolidated accounts for the year 2015 and details how spending by the EU institutions and bodies was carried out. The consolidated annual accounts of the EU provide financial information on the activities of the institutions, agencies and other bodies of the EU from an accrual accounting and budgetary perspective.

It is the responsibility of the Commission's Accounting Officer to prepare the EU's consolidated annual accounts and ensure that they present fairly, in all material aspects, the financial position, the result of the operations and the cash flows of the EU institutions and bodies, including the European Union Agency for Network and Information Security (ENISA), with a view to granting discharge.

Discharge procedure: the final step of a budget lifecycle is the discharge of the budget for a given financial year. It represents the political aspect of the external control of budget implementation and is the decision by which the European Parliament, acting on a Council recommendation, "releases" the Commission (and other EU bodies) from its responsibility for management of a given budget by marking the end of that budget's existence. The European Parliament is the discharge authority within the EU.

The discharge procedure may produce three outcomes: (i) the granting; (ii) postponement or; (iii) the refusal of the discharge.

The final discharge report including specific recommendations to the Commission for action is adopted in plenary by the European Parliament and are subject to an annual follow up report in which the Commission outlines the concrete actions it has taken to implement the recommendations made.

Each agency is subject to its own discharge procedure, including ENISA.

The European Union Agency for Network and Information Security: ENISA, which is located in Heraklion (EL), was established under [Regulation 460/2004/EC](#) of the European Parliament and of the Council with a view to enhancing the Union's capability to prevent and respond to network and information security problems.

As regards the Agency's accounts, these are presented in detail in the document on the consolidated annual accounts of the European Union for 2015:

Commitment appropriations:

- **committed:** EUR 10 million;
- **paid:** EUR 10 million;

- **carried-over:** 0.

Payment appropriations:

- **committed:** EUR 11 million;
- **paid:** EUR 11 million;
- **carried-over:** EUR 1 million.

For further details on expenditure, please refer to the [final accounts of the ENISA](#).

These recommendations may be summarised as follows:

Parliament also made a series of observations regarding commitments and carry-overs, procurement and recruitment procedures, the prevention and management of conflicts of interests and internal audits and controls.

On conflicts of interest, Parliament noted with concern that the Agency has not provided for any specific initiative to improve transparency in its contacts with lobbyists and stakeholders and called on the Agency to enact a **proactive lobby transparency policy**.

Lastly, it noted that the Agency has continued to emphasise the advantages of relocating the Agency to the single office in Athens. It noted that the estimated cost regarding the relocation of the remaining 14 members of staff in Heraklion as well as of all the furniture is approximately EUR 360 000. It encouraged the Greek authorities, the Commission and the Agency to **find a solution for the issue of the Agency's two locations** as soon as possible in order to ensure a much more efficient use of Union funds.
