The conclusion of the Agreement will lead to:

- reinsurers of one Party operating in the other Party will not be subjected to any requirement to post collateral or to establish a branch or subsidiary, if they meet the prudential conditions laid down in the Agreement;
- insurance groups of one Party operating in the other Party which meet the conditions will not be subjected to a requirement to carry out a group solvency calculation for their worldwide activities nor to other aspects of group supervision for their worldwide activities.

Supervisors can exercise group supervision on groups established within the territory of their Party, and can **require information** to be provided about worldwide activities which risk seriously harming policy-holders in their jurisdiction or threatening financial stability.

The Agreement:

- lays down the prudential conditions to be applied for the removal of local presence and collateral requirements for reinsurers regulated and supervised in the other Party;
