## Undertakings for collective investment in transferable securities (UCITS): the use of key information documents

2021/0219(COD) - 23/11/2021 - Text adopted by Parliament, 1st reading/single reading

The European Parliament adopted by 609 votes to 6, with 73 abstentions, a legislative resolution on the proposal for a directive of the European Parliament and of the Council amending Directive 2009/65/EC as regards the use of key information documents by management companies of undertakings for collective investment in transferable securities (UCITS).

The European Parliament's position adopted at first reading under the ordinary legislative procedure amends the Commission proposal as follows:

As a reminder, Regulation (EU) No 1286/2014 provides for a transitional arrangement whereby management companies, investment companies and persons advising on, or selling, units of UCITS and non-UCITS within the meaning of Directive 2009/65/EC of the European Parliament and of the Council are temporarily exempted from the requirement to provide retail investors with a key information document. This arrangement currently applies until 31 December 2021.

As things stand, as of 1 July 2022 retail investors in UCITS would receive both a key information document in accordance with Regulation (EU) No 1286/2014 and key investor information in accordance with Directive 2009/65/EC.

In order to avoid a situation where retail investors receive two different pre-contractual disclosure documents in respect of the same UCITS from 1 January 2023 and to give the parties concerned sufficient time to prepare for the obligation to produce a key information document, the Regulation as amended **extends the duration of the transitional regime until 31 December 2022** (instead of 30 June 2022).

For investors other than retail investors, investment companies and management companies should continue to draw up key investor information in accordance with Directive 2009/65/EC, unless they decide to draw up a key information document as set out in Regulation (EU) No 1286/2014. In such cases, investment companies and management companies should not be required by competent authorities to provide the key investor information, and only the key investor document should be provided to those investors.

Member States should communicate to the Commission the text of the main measures of national law which they adopt in the field covered by this Directive.

## Undertakings for collective investment in transferable securities (UCITS): the use of key information documents

2021/0219(COD) - 03/11/2021 - Committee report tabled for plenary, 1st reading/single reading

The Committee on Economic and Monetary Affairs adopted the report by Jonás FERNÁNDEZ (S&D, ES) on the proposal for a directive of the European Parliament and of the Council amending Directive 2009/65/EC as regards the use of key information documents by management companies of undertakings for collective investment in transferable securities (UCITS).

As a reminder, Article 32 of Regulation (EU) No 1286/2014 provides for a transitional arrangement whereby management companies, investment companies and persons advising on, or selling, units of UCITS and non-UCITS within the meaning of Directive 2009/65/EC of the European Parliament and of the Council are temporarily exempted from the requirement to provide retail investors with a KID. This arrangement currently applies until 31 December 2021.

The Commission presented a proposal for a Regulation to extend the transitional arrangement provided for in Regulation (EU) No 1286/2014 until 30 June 2022. This will give stakeholders time to prepare for the end of the transitional arrangement and to implement the other proposed measure (which provides for amendments to Delegated Regulation (EU) 2017/653).

As things stand, as of 1 July 2022 retail investors in UCITS would receive both a key information document in accordance with Regulation (EU) No 1286/2014 and key investor information in accordance with Directive 2009/65/EC. It is desirable to avoid a situation where retail investors receive two different pre-contractual disclosure documents in respect of the same UCITS.

Therefore, in order to avoid this situation and to give the parties concerned sufficient time to prepare for the obligation to produce a key information document, the competent committee proposes to extend the duration of the transitional regime until **1 January 2023** (instead of 1 July 2022).

Lastly, the report proposes that Member States should communicate to the Commission the text of the main measures of national law which they adopt in the field covered by this Directive.

## Undertakings for collective investment in transferable securities (UCITS): the use of key information documents

2021/0219(COD) - 15/07/2021 - Legislative proposal

**PURPOSE:** to amend Directive 2009/65/EC as regards the use of key information documents by management companies of undertakings for collective investment in transferable securities (UCITS).

**PROPOSED ACT:** Directive of the European Parliament and of the Council.

**ROLE OF THE EUROPEAN PARLIAMENT:** the European Parliament decides in accordance with the ordinary legislative procedure and on an equal footing with the Council.

**BACKGROUND:** according to [Directive 2009/65/EC](#), each undertaking for collective investment in transferable securities (UCITS) must provide 'key investor information' to help investors understand the essential characteristics of the UCITS and make informed investment decisions.

[Regulation \(EU\) No 1286/2014](#) provides for a transitional arrangement whereby management companies, investment companies and persons advising on, or selling, units of UCITS and non-UCITS are temporarily exempted from the requirement to provide retail investors with a key information document. The arrangement currently applies until 31 December 2021.

The Commission presented a [proposal for a Regulation](#) to extend the transitional arrangement provided for in Regulation (EU) No 1286/2014 until 30 June 2022. This will give stakeholders time to prepare for the end of the transitional arrangement and to implement the other proposed measure [which provides for amendments to Delegated Regulation (EU) 2017/653] from 1 July 2022.

As things stand, as of 1 July 2022 retail investors in UCITS would receive both a key information document in accordance with Regulation (EU) No 1286/2014 and key investor information in accordance with Directive 2009/65/EC. It is desirable to avoid a situation where retail investors receive two different pre-contractual disclosure documents in respect of the same UCITS.

The proposed measures are necessary to reduce the consequences of parallel application of Directive 2009/65/EC and Regulation (EU) No 1286/2014.

**CONTENT:** this proposal inserts a new article in Directive 2009/65/EC which lays down in a clear, precise and unconditional manner that, where a key information document is drawn up, provided, revised and translated for a UCITS pursuant to Regulation (EU) No 1286/2014, it should be considered as satisfying the requirements applicable to key investor information for the purposes of that Directive.
